[illegible][illegible]

The image shows a hand-drawn wireframe of a website. At the top right, there are two links: "contact us" and "Sing in". Below these, centered at the top, is the label "Nom de Site". The main section is titled "Research history" and contains three rows of placeholder text represented by "x"s. To the right of each row is a rectangular button labeled "search". The entire design is enclosed in a simple black border.
